

# Florentina Spray Stone Flooring System

## Transforming drab concrete into an eye-catching finish

Florentina Spray Stone flooring will turn your drab concrete surface into an elegant and stylish granite look feature.

Florentina Spray Stone flooring is perfect for use in difficult to access areas that would not necessarily be suitable for real stone.

Flexible, hard-wearing and attractive, it is a non-porous spray overlay suitable for both interior and exterior concrete flooring surfaces.

Resistant to dirt, mould, grime and other contaminants, Florentina Spray Stone will change your concrete floor into an attractive focal point that will endure regular use for years to come.

An ideal finish for both new projects and renovations, it is environmentally friendly, safe to apply in confined areas and extremely cost effective.

## Why choose Florentina?

The advantages of Florentina Spray Stone to other types of flooring are:

- Easy to clean seamless finish
- Hardwearing and long lasting
- Resistant to spills and moisture
- Cost effective alternative to natural stone or tiles
- Suitable for interior and exterior use – UV resistant
- Suitable for uneven flooring surfaces
- High impact and abrasion resistance
- Complete water based system
- Low VOC

## Ideal for both internal and external floors

- Garage floors
  - Rumpus rooms and home gyms
  - Patios, paths and driveways
  - Entrance areas, receptions and foyers
  - Retail shops, restaurants, cafés and foyers
  - Office, showrooms and entertaining areas

## How is a Florentina Spray Stone Floor Created?

Preparation begins with a thorough clean and abrading of the concrete surface to ensure a strong bond between the concrete and the coatings to be applied.

A tinted primer sealer coat is firstly applied to suit the Florentina Spray Stone colour chosen. This is followed by two coats of Florentina Spray Stone. The last step in the process is to apply two clear top coats of either a gloss or satin sealer.

*Clean, hygienic and easy to maintain.*

*Resistant to spills and moisture.*

*Resilient, durable and long lasting.*
